- They are on Woo commerce. They don't need to be added to any backoffice system like we have done in the past.
- They want a fresh look with more images.
- They want a call to action to purchase their products as one of the main pieces of the homepage.
- They want less text and more pictures/calls to action.
- The current site is: <https://www.closingsdocsnow.com/>
- Their parent company is here: <https://lelandmgt.com/>
- They like this site: <https://ceomcfl.com/>

Will you look for a wordpress template that will enable us to have a good front end experience and also a good woo commerce shopping/checkout experience?
