Description			
Implement search functionality on the OCPI Settings page to allow users to quickly find specific records or settings using a search keyword. Ensure the search results update accordingly and display only matching records.			

History

#1 - 10/22/2026 09:23 AM - Mritunjay Kumar

Implemented OCPI Settings Search and Filters — Added real-time search across partner details, dynamic vendor and status filters, and Apply/Reset actions. Improved pagination, sticky table headers, full-height layout, and empty-state messaging.
